NICK MULLINS

SOFTWARE DEVELOPER

RELEVANT EXPERIENCE

CONTRACT WEB DEVELOPER

Culver Hemp Processing - Denver - 2019-Present

- Collaborated with CHP to meet and exceed their expectations in creating a next-level web presence for a business existing within a quickly growing and highly competitive industry.
- Utilized innovative secure tech to design and build a site which commands attention and helps to separate their company from the competition.
- Tailored an aesthetically striking web presence by utilizing current technologies which aid the developer in creating engaging website design.

RESIDENT EXPERIENCE COORDINATOR

Greystar - Denver - 2017-2019

- Designed and maintained a property database for storing and recalling all pertinent resident and applicant information.
- Established a strong social media presence for the residences by starting and maintaining strong Instagram, Facebook and Twitter accounts for the property.
- Promoted all resident events using our relevant social media presence and tailoring the details of the events to our energetic and dynamic resident demographic.
